

780 mAh mobile outdoor power bank

How much Mah is a waterproof power bank?

The massive 30,000 mAh is enough for up to 13 full charges of most smartphones and is so powerful that it can be used with laptops and portable gaming devices. If you need a waterproof power bank to use outdoors and last for multiple days at a time while still charging all your gadgets, this is 100% the one to get.

How many times can a waterproof power bank charge a smartphone?

With the 20,000 mAh capacity, you can expect to charge any smartphone at least five to seven times as well as being big enough to charge iPads and tablets up to two times. There are a few things to take into consideration when choosing the best waterproof power bank for you, and it is not always clear what they mean.

Does Mobisun offer a 40,000 mAh laptop powerbank?

For users who want to charge their laptops on the go, Mobisun offers the 40,000 mAh Laptop Powerbank. This powerful power bank allows you to charge not only your laptop, but also other devices such as smartphones, tablets and other accessories.

How much power does a Mobisun powerbank have?

For adventurers who need long-lasting power during their outdoor expeditions, Mobisun offers the 72,000 mAh /266Wh /150W Outdoor Powerbank. With an impressive 72,000 mAh capacity and 150W of power, this powerbank delivers reliable energy for all your electronic devices.

Which Mobisun laptop powerbank is right for You?

For users with powerful laptops and other devices, Mobisun's Universal Laptop Powerbank is the ideal choice. With an output of 200W, a 230V outlet and a capacity of 41,580 mAh, this powerbank provides enough power to charge even the most demanding devices.

Is the power bank immersible?

The power bank is not immersible, but it is housed in a tough, rugged, waterproof case with an IP65 rating, meaning it is dust-proof and waterproof. It also supports pass-through charging and is supplied with an array of cables to fit various devices. The solar panel is compact and lightweight.
