

Will Amsterdam Energy Arena BV use its own energy?

"Thanks to this energy storage system, the stadium will be able to use its own sustainable energy more intelligently and, as Amsterdam Energy Arena BV, it can trade in the batteries' available storage capacity." says Henk van Raan, director of innovation at the Johan Cruijff Arena.

Are electric boats coming to Amsterdam?

Amsterdam is at the forefront of maritime and river electric boats. The Dutch port is experimenting with a mobile recharging station for electrically powered boats. The Dutch energy company Skoon develops mobile power supply systems.

What is a mobile power supply system?

The Dutch energy company Skoon develops mobile power supply systems. Battery parks, stored in specially designed containers, supply temporary installations in events or construction sites as an alternative to generators. Containers are replaced regularly and recharged with electricity from renewable energy sources.
