

Boston portable power brand

Who is Boston-power?

Boston-Power is a leading developer and manufacturer of next-generation lithium-ion battery cells, blocks, modules and systems. Designed to fuel a wide range of applications, its flagship offerings, Swing[®] and Sonata[®], serve as the foundation for a new era of longer lasting, faster charging, safer and environmentally sustainable batteries.

Does Boston power manufacture lithium ion batteries?

Boston Power manufactures application-specific rechargeable lithium-ion batteries. View contacts for Boston Power to access new leads and connect with decision-makers.

How much money does Boston-power need?

With support from Massachusetts officials, Boston-Power is seeking approximately \$100 million under the U.S. Department of Energy's advanced battery and cell manufacturing grant program established as a part of the American Recovery and Reinvestment Act.

Will Massachusetts help Boston-power build a new energy storage facility?

Enabling energy storage to continue to flourish in Massachusetts, state officials are working closely with Boston-Power to pursue state and federal financial incentives that will help the company to fulfill its plans of building the Auburn facility.

Where is Boston Power located?

Boston Power is located in Westborough, Massachusetts, United States.

How many jobs will Boston-power add to China?

Extending the mass manufacturing capabilities Boston-Power already operates in Greater China, the 455,000 square foot Auburn facility would add 600 new jobs at Boston-Power and as many as 2,000 more indirectly through the extended supply chain.
