Contact APC for an RMA - Those units are dead ( Solved: F04 Clamp Short - Schneider Electric Community).If you choose to simply replace them with a different brand. I am partial to CyberPower because they have the same quality (and yes, APC units are usually good quality) and features, but typically at a lower price.

They allow you to power outdoor lights without an outlet and can also be used for powering other outdoor appliances such as lawnmowers, pressure washers, and more. Additionally, they are very convenient since they come with multiple outlets, are weather resistant, and are resistant to wear and tear from being outside.
