

Georgetown PV Energy Storage Policy Update

Georgetown Solar, a subsidiary of Canadian renewable energy developer Westbridge Energy Corp., has completed its environmental and wildlife field study programs for one of the largest solar installations ever proposed in ...

Westbridge offered a corporate update to investors at the beginning of March which included notes on its Georgetown Solar and Sunnynook Solar projects. Georgetown will be a 278MWp solar plant, Sunnynook a 236MWp PV project. Each would share a site and interconnection to the grid with a 100MW BESS.

Stefano Romanin Westbridge Renewable Energy Corp., a developer of utility-scale solar PV projects, has entered into definitive agreements regarding the purchase by Metka-EGN Ltd. (a subsidiary of MYTILINEOS Energy & Metals) of a portfolio of five solar projects located in Alberta, Canada, from Westbridge, with anticipated aggregate capacity of 1.4 GWDC upon ...

278MWp Solar PV + up to 200MWh BESS permitted and licensed for construction TORONTO, Nov. 7, 2022 /PRNewswire/ - Westbridge Renewable Energy Corporation (TSXV: WEB) (OTCQB: WEGYF) (FRA: PUQ3) ("Westbridge", "Westbridge Renewable" or the "Company") is pleased to announce that its wholly-owned subsidiary, Georgetown Solar Inc. ...

Westbridge Renewable Energy Corporation (TSXV: WEB) (OTCQB: WEGYF) (FRA: PUQ3) ("Westbridge", "Westbridge Renewable" or the "Company") announce that its wholly-owned subsidiary, Georgetown Solar Inc. ("Georgetown"), has obtained Power Plant and Battery Energy Storage System ("BESS") Approval (Decision 27205-D02-2022) and a ...

The total power generated by its installations amounts to 1285MWp of solar photovoltaic panels. It also totals 500MW/1GWh in battery energy storage system. By certifying the Georgetown solar project for construction, the AUC is providing real support for the company in its race to go solar.

Westbridge Energy Corp has announced that its Georgetown Solar project, located in Alberta, Canada, has successfully completed its environmental and wildlife field study programmes and its preliminary layout engineering and ...

Westbridge Secures CAD\$4,830,000 Financing for Georgetown Solar PV and Battery Energy Storage Project Toronto, ON December 7, 2022 - Westbridge Renewable Energy Corp. (TSXV: WEB) (OTCQX: WEGYF) (FRA: PUQ) ("Westbridge Renewable" or the "Company") is pleased to announce that its wholly-owned subsidiary, Georgetown Solar Inc. ...

Georgetown PV Energy Storage Policy Update

In the U.K., Westbridge has developed a standalone battery storage system with 53 MW / 106 MWh output. In November, the company received approval from the AUC for construction of the Georgetown Solar and Energy Storage Project in Vulcan County, Alberta. The commission also granted the company a substation permit and license to operate the 1015S ...

Year Established - 1838: In the heart of Georgetown, Massachusetts, solar energy emerges as a leading choice for homeowners and businesses alike, driven by enticing state incentives such as tax credits and net metering. These benefits not only make solar installation more affordable but also significantly increase savings over time. With Georgetown's abundant sunlight, solar ...

Westbridge Energy Corp is a renewable energy company focused on originating and profitably exiting utility-scale Solar PV projects that use energy storage and enabling technologies (Intelligent ESG). Our proven approach provides early-stage, risk-adjusted access to high-return clean energy projects in a manner previously inaccessible to small ...
