For example, if you have a two-outlet inverter and will be plugging in 2 devices at once, add up the total wattage of both devices, then add at least 50% more to account for peaks or spikes in the power draw. For example if your DVD player draws 100 watts and your laptop another 100 watts, a minimum 300-watt inverter is recommended.

Home dvd inverter

Main Products: UPS, Inverter, Line Interactive UPS, Online UPS, Solar Inverter, Home Inverter, Offline UPS, Hybrid Inverter Company Introduction: Fenice Power Co., Ltd. Is a professional manufacturer with over 15 years of experience in designing and manufacturing power products.
