

When is OutDoor by ISPO in 2022?

OutDoor by ISPO will take place in early June 2022. Following sustained advocacy from the European Outdoor Group (EOG) and its members, the show is intended to move to the back end of May from 2023. In addition, ISPO Munich will move to a new date in November, starting next year.

Which NPS batteries are best for outdoor use?

The NPS series from NITECORE are portable outdoor batteries. The compact housing is highly resistant to water and dust. The NPS200 and NPS400 models supply AC and DC power via USB connection and cigarette lighter. The modified sine waves that the battery outputs are particularly device-friendly.

What to expect at ISPO Munich 2024?

At ISPO Munich from 3 to 5 December 2024, interested parties will have the opportunity to obtain comprehensive information on all participation packages and gain detailed insights into the new concept of OutDoor 2025.

How has the outdoor industry responded to outdoor?

The outdoor industry's response to the new concept has been consistently positive. "It is of great importance to our business, to the strength and cohesion of the entire industry to have OutDoor as a European platform and to actively support it. This is where the market meets to discuss products and strategies.

Natural heat captured from underground to produce electric power, space heating, or industrial steam. Hybrids. A mixed-fuel resource with one resource ID at a single point of interconnection. ... Select a date to see that day's supply trend data. Options dropdown Toggle stacked chart: Stacks data instead of producing separate lines. ...

Anyone who has a brick-and-mortar store can also sell online. We don't supply online platforms like Amazon and Zalando ourselves, but we are still sold there. That is done via retailers. I don't think that's good, that's not our business model. If we thought that was good, we would supply the platforms ourselves directly. VIDEO: The outdoor ...
