Our portable power supply units are powered by LiFePO4 batteries, ensuring long-lasting and efficient energy storage for all your needs. Whether you need a solar portable battery power station for outdoor adventures or a portable power station for everyday use, our products provide the flexibility to power your devices wherever you go.

To ensure the stability and safety of the power supply, long-duration energy storage became a necessity. HiTHIUM's first 6.25MWh Energy Storage Solution is tailored for the North American market and the 4-hour long-duration energy storage application scenarios, providing localized solutions for the global market.

Portable energy storage power supply is very practical in camping, self driving tour or power failure. When purchasing outdoor power supply, you need to select products with sinusoidal output waveform. If you choose a power supply without pure sine wave output, the appliance may fail or age. The output waveform is the electric wave form output ...
