Kampala. As Uganda's bustling capital, Kampala is the heart of the country's economic activities. Over the years, it has strategically positioned itself as a pivotal supply chain center for various industries, including the glass bottle factory domain. The city's infrastructure, combined with its access to major transport routes, makes it ...

The solar container can be used for short-term use at events, for longer use, for example over the summer months, or as a long-term solution. To cover the wide range of requirements, we make a fundamental distinction between an ON-grid system, which relies on an existing power grid, and an OFF-grid system, which forms its own grid completely independently.
