

# Middle East 2025 Energy Storage Battery Exhibition

What is the battery show Middle East?

From foundational to applicational, learn about these products, systems, and services at the conference, then source suppliers at the trade fair: The Battery Show Middle East, in partnership with Middle East Energy, unite engineers, executives, thought leaders, and buyers from across the industry with 500 top suppliers.

Why should you exhibit at Middle East energy 2025?

Why Exhibit at MEE 2025? Middle East Energy 2025 is your gateway to connect with over 40,000 energy professionals from around the world. This prestigious event, hosted in Dubai, features 1,600+ international exhibitors, 500+ key buyers, and representation from more than 90 countries.

How big is the battery market in the Middle East and Africa?

Market forecasts suggest that the Middle East and Africa battery market is projected to grow to \$9.98 billion by 2029, driven by policy support, increasing electrification, and a rise in renewable energy investments.

When is the battery show?

Introducing The Battery Show! Middle East Energy is excited to announce The Battery Show will make its debut in the Middle East on the 7th - 9th of April in Dubai at the Dubai World Trade Centre, showcasing the latest enhancements in battery manufacturing and deployment technologies.

What's new at the battery show 2025?

In 2025, the introduction of a brand-new product sector, Battery & eMobility, will further enhance the exhibition's offerings. With a 13 year legacy, The Battery Show brings together engineers, business leaders, top-industry companies, and innovative thinkers to discover ground-breaking products and create powerful solutions for the future.

When is Middle East energy (Mee) coming to Dubai?

Middle East Energy (MEE) returns to the Dubai World Trade Centre from April 7-9, 2025, bringing together global experts and innovations in energy.

MK ENERGY is excited to participate in Middle East Energy 2025, taking place from April 7-9 in Dubai. As a leading battery manufacturer, we will be showcasing our latest lithium and lead-acid energy storage solutions at Booth H8G16. This exhibition is a key platform to connect with global energy professionals, explore...

Exhibitors will be demonstrating emerging technologies, including solid-state batteries, AI-driven manufacturing, and smart charging solutions. The inaugural Battery Show Conference will illuminate a pathway for the region's e ...

# Middle East 2025 Energy Storage Battery Exhibition

Dubai, UAE - February 24, 2025: The 49 th edition of Middle East Energy (MEE), which shapes the energy sector in the region and Africa, will upscale industry insights as it more than doubles its conference tracks, expanding from three to six for 2025. Organised by Informa Markets, MEE 2025 will run from April 7-9 at the Dubai World Trade ...

New to the event is the sixth product sector - Battery and eMobility - and a dedicated hall for exhibitors within the battery and eMobility space. "Middle East Energy has always been at the forefront of innovation, and 2025 is no exception," said Mark Ring, Group Exhibition Director for the Energy Portfolio at Informa Markets.
