

Which Chinese lithium battery companies are based in Morocco?

Since 2023, several Chinese lithium battery industry chain companies, including CATL, Gotion High-Tech, Sunwoda, BTR, Huayou Cobalt, CNGR Advanced Material and Tinci Materials, have collectively invested in Morocco and built factories. The battery industry chain centered around LFP is forming rapidly.

How much will EV batteries cost in Morocco?

In June this year, the Moroccan government announced that Gotion High-Tech would invest \$1.3 billion (US) to build a gigafactory for EV batteries. The initial planned production capacity is 20 GWh, with future plans to gradually increase it to 100 GWh, and the total investment is expected to reach \$6.5 billion.

Is China relocating its lithium battery plant to Morocco?

Finally, at the end of August Tinci Materials, another Chinese manufacturer, revealed that it would relocate its Czech lithium battery components plant to Morocco. For his part, Ouriaghli, alongside OCP Group boss Mostafa Terrab, set up a joint venture in late September between Al Mada and the Chinese company CNGR.

Which companies are investing in Morocco's lithium battery industry?

01 Rich Resources and Widespread Investments Since 2023, several Chinese lithium battery industry chain companies, including CATL, Gotion High-Tech, Sunwoda, BTR, Huayou Cobalt, CNGR Advanced Material and Tinci Materials, have collectively invested in Morocco and built factories.

Does CATL have a battery production base in Morocco?

CATL has already planned over 100 GWh of production capacity at its European factories. Additionally, Sunwoda is also setting up a battery production base in Morocco. The number of material manufacturers investing in Morocco is even larger.

Is Morocco a good country for battery production?

In addition to abundant phosphate reserves, Morocco also possesses metal resources like cobalt and lithium needed for battery production and has cost advantages. Industry estimates suggest that producing lithium batteries in Morocco offers a 36% cost advantage compared to other countries.

Recently, CNGR and Al Mada, one of the largest private investment funds in Africa, signed a cooperation agreement in Casablanca, Morocco. The two sides will establish a joint venture in Morocco to jointly build an integrated ...
