

Who makes solar panels in the USA?

Here's more information about five of the biggest, best companies that make solar panels in the USA. The top five solar panel manufacturers in the U.S. are First Solar, Qcells, Canadian Solar, Illuminate USA, and T1 Energy. These companies produce high-performance solar panels for residential, commercial, and utility-scale installations.

Which solar panel manufacturers are notable in America?

Other notable names in American solar manufacturing include Solar4America, Silfab Solar, Heliene, Jinko Solar, and Mission Solar. Although not all of their panels are American-made (at least, not yet), you'll still be supporting American manufacturing by choosing Qcells.

What are the biggest solar panel manufacturers?

Some of the biggest U.S.-based solar panel manufacturers include: 1. Auxin Solar Founded in 2008 and headquartered in California, Auxin Solar is the nation's longest-running Community Solar Value Project (CSVP).

Where are solar panels manufactured?

Four of the biggest solar panel manufacturers are headquartered in China and primarily manufacture equipment there. However, one of them, Jinko Solar, does have an American manufacturing facility in Florida. Additionally, the fifth largest manufacturer is Canadian Solar, which also has a manufacturing facility in Texas.

Who makes illuminate solar panels?

In reality, Illuminate USA is a joint venture between Invenenergy and the huge Chinese company LONGi Solar. The company employs over 1,000 people at its solar panel manufacturing plant in Pataskala, Ohio, where it has the capacity to produce 5 GW of solar modules per year. LONGi Solar earned 10th place on our list of the best solar panels for 2025.

Who makes the best solar panels?

Suniva Inc., one of the USA's best solar panel manufacturers, is based in Norcross, Georgia. It was established in 2007. Their product offering incorporates cost-effective, highly efficient solar PV cells, modules, and boards. 5. NextEra Energy Inc. One of America's top solar manufacturers is NextEra Energy. It was established in 1925.
