Naval 115VAC Power Conversion / UPS. The reliable choice for naval power conversion / uninterruptible power supplies (UPS). Leonardo DRS" power conversion equipment provides dedicated power to mission-critical combat and platform systems. Available in rackmount and console mount configurations.

A UPS (Uninterrupted Power Supply) is a backup battery that keeps the equipment plugged into it running in the event of a power outage. It's not just a glorified power bank, because the UPS detects interruptions in the power and automatically switches the connected devices to running off the UPS battery, so they don't shut down.
