

Outdoor power supply exported to Europe and America

Why is the North America outdoor power equipment market growing?

The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024. The regional market's growth is attributed to North America's larger geographical area compared to its population, which leads to more gardens and lawns in the region.

What is the global outdoor power equipment market size?

The global outdoor power equipment market size was estimated at USD 53.42 billion in 2024 and is projected to grow at a CAGR of 6.3% from 2025 to 2030. The market growth can be ascribed to the increasing demand for cordless outdoor power equipment as people are more inclined toward greater flexibility and portability.

What drives Germany's outdoor power equipment industry?

Germany's outdoor power equipment industry is driven by a strong DIY and home improvement culture, high adoption of precision-engineered tools, stringent environmental laws favoring electric models, increasing demand for robotic lawn mowers, and a growing emphasis on sustainable landscaping in urban planning initiatives.

What drives the UK outdoor power equipment industry?

The UK outdoor power equipment industry is driven by a strong gardening culture, rising popularity of allotments and urban green projects, increasing demand for electric and battery-powered tools due to strict emission laws, and growing investments in smart, automated lawn care solutions.

What drives Japan's outdoor power equipment industry?

Japan's outdoor power equipment industry is driven by the increasing adoption of compact and precision-engineered tools for small gardens, high demand for automated and robotic equipment due to labor shortages, government support for urban greening, and strong consumer preference for high-tech, low-noise solutions.

Why are outdoor power supply sales important?

Sales are at the forefront of the outdoor power supply industry, leading the development of the outdoor power supply industry. In fact, the fast-response manufacturing system is a strong competitive advantage of the company.

Outdoor Power Supply Market Size was estimated at 11.33 (USD Billion) in 2023. The Outdoor Power Supply Market Industry is expected to grow from 12.92 (USD Billion) in 2024 to 36.86 (USD Billion) by 2032. info@wiseguyreports | +162 825 80070 (US) | +44 203 500 2763 (UK) Login. Register.

Outdoor power supply exported to Europe and America
