

The "Hub Method" describes the technique of connecting all lights in a region to each other. The fixture wires converge in a place called the hub. These wires are then connected together along with a wire from the power supply to send power to all the fixtures in the hub. There are a few types of hub connectors designed for this purpose.

A high-end energy storage power supply with built-in LiFePO4 battery and smart BMS is very useful as emergency, outdoor, balcony solar portable power station. +86-0769-82260562 Get A Quote. Home; About us. Milestone; R&D; ... Green outdoor power solution Portable and compact.

Bisa juga dengan menarik kabel induk ukuran besar dari unit Power Supply, lalu setiap 50 Pc module disambungkan ke Kabel Induk Sangat penting untuk menggunakan Kabel dengan ukuran besar sesuai kapasitas Ampere ...
