

How do I choose the right solar panel fixings?

Selecting the right solar panel fixings requires careful consideration of the type of solar panels being installed. Whether you're working with monocrystalline, polycrystalline, or thin-film panels, ensuring compatibility between the panels and the mounting system is essential.

What accessories are available for solar panels?

At INDEX you will find a wide range of adjustable accessories for solar panels. These range from adjustable hooks to double-threaded screw plates. All these products are used for fixing to structures of different materials and are always accompanied by complementary elements. Sealing accessories.

Why should I choose a solar panel fixing bracket?

By choosing solar panel fixings that are compatible with your specific solar panels, you can avoid installation issues and ensure a secure and stable system. We have set out our range of solar panels fixing brackets and associated PV mounting parts that make up the kit. Discover durable solar panel fixings for secure and safe installations.

How to fix solar panels at an angle?

At INDEX you can find a wide range of fixings and accessories designed specifically for this purpose: Adjustable triangles. They are ideal for fixing solar panels at an angle and are mainly made of steel and aluminium. They are used as a complement to the support and help to regulate the inclination of the panels on the roof.

Why do solar panels need fixings?

The fixings for solar panels have a very clear purpose: to support the photovoltaic panels by means of a firm and resistant anchorage capable of withstanding any environmental circumstance.

Which PV roof solution for tile roof solar panel installation?

Aluminium Tile Roof Hooks are another solar PV roof solution for tile roof solar panel installations. It is light weight but better load bearing capacity which minimize bending under load and the risk of tile cracking. Pantile Adjustable Roof Hook is flexible in adjustment both in height and width which make them work in various pantile roof.
