

Where are Midsummer solar cells made?

Midsummer's solar cells are a Swedish innovation and are manufactured both in Sweden and Italy. With a minimal weight of only 3kg per square meter, our solar cells enable installation on roofs with weight restrictions without compromising the structural integrity of the roof.

Where are CIGS solar cells made?

Our solar cells are manufactured at our production facilities in Jönköping, Sweden, and Bari, Italy, using our proprietary DUO system, the world's most prevalent production system for flexible CIGS solar cells. After manufacturing, the solar cells are assembled into complete solar panels at the same locations.

How much does electricity cost in Sweden?
