

Georgia's military strategy seems to have relied upon a delayed Russian military response, due to Putin's absence from Moscow, and likely predicated on the belief that President Medvedev would not take any action without Putin being present. This strategy was flawed. As a result, Tbilisi could see a consolidation of Russian control over South Ossetia and Abkhazia.

Global support for Georgia's territorial integrity has only strengthened amid the Ukraine war. "If Russia loses, it will be the end for us, too," a local South Ossetian politician told me. Today's South Ossetia functions as a vital Russian military outpost in the South Caucasus. Since 2008, dozens of military facilities have cropped up ...
