Publisher of the BIC Code Register since 1970, the BIC was appointed by the International Organization for Standardization (ISO) in 1972 as the industry's global container prefix registry, a role further endorsed by International Customs Conventions, and currently has over 2,400 container-operating members in more than 126 countries. Our Mission

RPS sources "one trip" containers (used for only a single trip overseas, very little wear, newer floors) and "watertight" containers retired after 10 years (may have some dents and welds but the container is watertight with a lot of life in it!). You have the option to choose which type of sourced container you'd like.

Generator containers are also easily placed and transported upon lorries and other freight vehicles. This is ideal for mobile operations such as festivals, where transporting equipment to and from an area quickly is vital. Not only are these Diesel generators highly portable but, as aforementioned, are contained in steel sheet designed to ...

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint -- we can easily equip your gen set with greater levels of sound attenuation, a larger storage area ...
