

TikTok outdoor power

What is TikTok Utilities?

TikTok Utilities is an open source Discord BOT that gets in depth information about users on TikTok".

Why is TikTok so popular?

An outdoor creator's TikTok feed, according to Wood, is more reflective of a journey or their relationship with nature, rather than a singular moment of achievement. She has found that posting on TikTok often requires less of a setup than for Instagram or YouTube, thus allowing her more time to dwell in the present and enjoy the scenery.

Does TikTok have a curated feed?

While TikTok's curated For You feed, the algorithm-dominated home page that showcases the platform's best content, is a mix of footage from both pros and amateurs, TikTok users tend to favor unedited, spur-of-the-moment content.

Is TikTok a social good?

But for all its praise, TikTok is not immune from the criticisms that have plagued Instagram. On its surface, these apps appear to be a social good: they bring together people with similar interests and broaden users' horizons by introducing them to new places and cultures.

Is TikTok better than Instagram?

Her feed is a mishmash of clips--commentary on social justice issues, scenic footage from recent hikes, and updates on her family life--which exist in stark contrast to the crisp, high-quality landscape photos that dominate the world of outdoor Instagram. "My aesthetic on Instagram is crap," Bushman says, "so TikTok is the best medium for me."

Should you scroll on TikTok?

Scrolling on TikTok is an immersive experience that some creators have used to help viewers feel closer to the outdoors. And so far, the space has stayed real, remaining generally void of the corporate advertisements seen across Instagram. Expertise is applauded, and a person's relatability is rewarded.
