PIA is a vertically integrated industrial zone, focused at creating thriving value chains for storage, processing, manufacturing, and export. PIA is the most competitive Integrated Industrial Platform developed by Arise IIP in a PPP with the Republic of Togo.

Togo Secures Solar Energy Deals with RELP and Chinese HAIER. The first agreement with RELP focuses on enhancing Togo's solar energy storage capacity. This will improve the Battery Energy Storage System, allowing excess energy produced during the day to be stored for nighttime use, according to Minister Robert Eklo.

Base-type energy storage cabinets are typically used for industrial and large-scale applications, providing robust and high-capacity storage solutions. Integrated Energy Storage Container Integrated energy storage containers combine energy storage with other essential systems, such as cooling and control, within a single, compact unit.
