

Who manages the energy sector in Tunisia?

As of March 2020, the Tunisian electricity sector is managed by the Ministry of Energy, Mines and the Energy Transition. For the past two years, renewable energy portfolio was managed by the Ministry of Industry, Small and Medium Size Enterprises.

Why is Tunisia launching a 120MW solar project?

"The Government is expressing its firm commitment to successfully develop the 120MW Kairouan PV Solar project, which represents a significant step forward in the country's energy transition," said Tunisia's Head of Government, Ahmed Hachani.

What is TuNur doing in Tunisia?

TuNur is developing a series of renewable energy projects that will produce low-cost green electrons and molecules in Tunisia for export. Each export project consists of three components: 01. Generation

Who is TuNur Ltd?

TuNur Ltd is an independent renewable energy, transmission and green hydrogen developer at the epicentre of Europe and Africa. TuNur is developing a series of renewable energy projects that will produce low-cost green electrons and molecules in Tunisia for export. Each export project consists of three components: 01.

What is AMEA power doing in Tunisia?

Dubai, United Arab Emirates; September 26th 2023: AMEA Power, one of the fastest growing renewable energy companies based in the Middle East, announced today it has reached financial close on its 120MW solar PV project in Tunisia. When commissioned, the US\$86 million project, will be the company's first operational asset in the country.

When did Tunisia ratify the solar concession agreement & Power Purchase Agreement?

The Concession Agreement and the Power Purchase Agreement were signed in June 2021 and ratified by the government of Tunisia in May 2022. This is the first solar project to reach financial close under the concession regime in Tunisia. The concession regime covers projects over 10MW for solar PV, awarded through a competitive bidding process.

Tunisian utility STEG is planning to build a 400-600MW pumped hydro energy storage plant, for a 2029 commissioning date. STEG, or the Soci  t   tunisienne de l'  lectricit   et du gaz (Tunisian Company of Electricity and Gas), is currently undertaking studies for the project, according to a news release from Agence Tunis Afrique Presse.
