Milwaukee's Journey Into Outdoor Power Equipment. In 2024, Milwaukee Tool is celebrating its 100th anniversary. While it could be fun to trace the OPE journey all the way back to 1924, the real jump start happened in 2007 as Milwaukee led the way with lithium-ion batteries and then brushless motors.

o Reduce the size and cost of equipment. In traditional outdoor power applications, existing indoor power systems use long and oversized electrical wires that supply the remote outdoor power equipment. An outdoor UPS reduces the need for increasingly expensive copper wire. Because of this, the feeder wires do not have
