

What is outdoor power supply

To supply three Hue Calla, one Hue Impress wall lamp, two Lily spots and one Outdoor LightStrip with enough power, a power supply from Meanwell is now used. This one offers a proud 150 watt of power at 24 Volts, including one or the other reserve.

An outdoor power supply is a portable or stationary device designed to provide electricity in environments where traditional power sources are unavailable. These devices can power everything from smartphones and laptops to small appliances and electric tools. They typically come with multiple output options like AC outlets, USB ports, and DC ports.
