What is a don't buy power bank?

Don't Buy power banks Our tests uncover the best and the worst. If a product performs so poorly that we think you should avoid it, we call it a Don't Buy. We've tested two power banks that we've named Don't Buys. To find out which they are, and which power banks earned our Best Buy and Great Value recommendations, log in or join Which?.

How many portable power bank Chargers have been tested?

To date, we've tested more than 100 portable power bank chargers. The most popular and relevant models are shown on this page. Our rigorous testing programme involves:

Should I buy a small power bank or a large power bank?

Small power banks can be great for an occasional top up of power on the go - they're light enough that you'll hardly feel the weight of them in your bag. Large models give you more juice but are less portable.

What is the best wall-charger power bank?

Infinacore Pandora Portable Power Global Wireless Charger for \$50: This was our pick for the best wall-charger power bank, and it is still a decent charger that plugs directly into the wall. It has the advantage of optional EU and UK plug adapters for an extra \$10, making it a handy travel companion.

Which Anker power bank is best?

Anker's well known for its lineup of power solutions, so it comes at no surprise that the Anker Prime 27,650 mAh power bank is our favorite large capacity charger. With its generous battery, it's more than capable of charging small stuff like your phones and wearables -- but it's also powerful enough to charge laptops too.

Another one on the list of best power banks in India is the Mi Hypersonic Power bank with a 20,000mAh power bank that also outputs 50W fast charging to supported devices. The power bank can charge multiple devices simultaneously, as it has a Type-C input port, three output ports, and two-way rapid charging.

Itel Star Power Bank (10,000mAh): Similar to the Oraimo Toast, this is designed for users who need a lightweight, portable power source. Itel Star Power Bank (20,000mAh): For users who need a bit more power, this model offers the same capacity as the Oraimo Traveler. Itel Star Power Bank (5,000mAh): A small, extremely portable option for light users who just need ...
