Zambia mobile power station generator set

The Zambezi River Authority (ZRA), a statutory body formed by the Zimbabwean and Zambian governments, is responsible for the allocation of water used by Zimbabwe's Kariba South and Zambia's Kariba North Power Stations. Kariba South Power Station is used for frequency, tie line and automatic generation control and the station's operational ...

During the fourth quarter of 2021, ZRA requested Zambia's power utility Zesco Limited and the Zimbabwe Power Company reduce power generation levels to six hours on a few selected dates, in a bid to facilitate coffer dam construction works under the plunge pool reshaping sub-project of the Kariba Dam Rehabilitation Project.

History of the power sector In 1906, Zambia's first power station, a thermal plant, was built in Livingstone, the country's southernmost town, and home of the Victoria Falls. Later, several stand-alone generating stations were installed on the Copperbelt in the period leading up to World War II (Mihalyi, 1977).
